	1. AHI App Development			
1.1 Project Design	2.1 Development Phase	3.1 Test Phase	4.1 Launch and App Approval	Level 2 Phase level
1.1.1 Define key app requirements	2.1.1 Develop an Initial Prototype	3.1.1 Begin IT hiring	4.1.1 Finalize new	Level 3 Work package level
1.1.2 Identify vendor to design and develop app	2.1.2 Perform prototype Beta test	3.1.2 Begin Full scale Development	4.1.2 Launch a new app	
1.1.3 Finalize vendor Contract	2.1.3 Solicit Beta Test Feedback	3.1.3 Test the final app prototype	4.1.3 Montior app performance	
1.1.4 Develop Initial Design	2.1.4 Update prototype Based on Feedback	3.1.4 Gain customer acceptance	4.1.4 Document app issues	
1.1.5 Solicit Intial Design Feedback	2.1.5 Implement IT upgrades	3.1.5 Train Marketing Personnel on the new app	4.1.5 Plan app upgrades	
1.1.6 Update Design Based on Feedback	2.1.6 Develop and app launch plan	3.1.6 Approve the launch plan	4.1.6 Implement app upgrades	
1.1.7 Gain final Design Approval	2.1.7 Gain prototype Sign -off		4.1.7 Plan V2 upgraes	
			4.1.8 Launch app V2	
			4.1.9 Complete the final Project report
